

FAAST LT AP CLIP Addressable EOL Notice

March 2026

As part of our on-going Advanced Detection portfolio management and streamlining our offerings we have decided to discontinue the FAAST LT AP CLIP product line. FAAST LT AP CLIP will be replaced by the new Addressable FAAST FLEX product line.

This allows us to remain focused on serving our customers with our world leading ASD offerings and delivering new solutions and technologies to the market.

1. Affected Products

The impacted products are shown in the tables below per brand.

Xtralis:

Discontinued Products	Description	Alternative*	Description
FL2011EI-HS	Loop Based Single Channel Aspiration Unit	FLX-010-EI	Addressable FAAST FLEX 1-pipe Xtralis

Effective Date

Last Time Buy (LTB) orders shall be placed by 31st March 2026 and last shipment date will be 30th April 2026.

2. Spares, Repairs and Upgrades

Following cease of supply there will be a further 2-year supply of spares subject to component availability. Product documentation (e.g. Product Guide/User Manual) will be available through the website.

3. Product Warranty

Standard product warranty will be honoured as per the applicable company policy for the relevant product line in one of the two ways below:

- A product failing within the standard warranty period will be repaired or replaced with the same or comparable product having the balance of the original warranty period.
- Should a product fail within the warranty period and not be repairable/replaceable then we will refund the full purchase price or issue a credit note as agreed with the customer.

4. Contact

Should you have any questions regarding this notice, please contact your Regional Sales Manager or Customer Service Representative.
